Dear Parents,

Subject: Guidelines for 2025-26 academic year for students of Grade 5 going to Grade 6.

We hope that you and your families are healthy and well.

As we approach the end of the eventful academic year 2024-25, we feel proud of various achievements of the school. It was a year full of learning and activities. Students excelled in the CBSE Grade 10 and 12 Examinations of 2024, and records were set. In addition, during this academic year there have been outstanding achievements of students in arts and sports, even up to the national level.

I am pleased to inform you that our esteemed Chairperson, Mrs. Sindhu Sudhakar Mendke, has been conferred with the "Lifetime Achievement Award" by Education World magazine, a testament to her tireless efforts and dedication to the field of education.

We are also delighted to share with you that NDPS Pre-Primary Wing has been ranked 3rd in India and 1st in Madhya Pradesh under the 'Design Thinking Leader' category in the Education World India Pre-School Grand Jury Ranking 2024-25, a proud achievement that reflects our commitment to innovative learning.

The new academic year 2025-26 commences from April 01, 2025.

The books and stationery list for the new academic year will be provided at the time of the Result Distribution and it is also uploaded on the school website. You are free to purchase them from any shop which stocks them. As a Green School initiative, covering/wrapping of books and notebooks is not necessary.

Please ensure your ward comes to school in the regular school uniform (applicable to Grades 1 to 12) and properly groomed. Sports shoes and socks of good quality may be used and there is no restriction regarding color or design.

Heavy school bags have a seriously adverse effect on the health of children, affecting the spine and causing other medical problems. Hence, you are requested to ensure that the bags are of light weight material, small in size, and that only required books are brought to school. Please ensure your child re-packs his/her school bag every day as per the time table. The weight of the school bag should not exceed 10% of the child's body weight, as a standard benchmark. (2-3 kg) as per the school bag policy 2020.

Further, owing to its carcinogenic nature, plastic water bottles are not advised and students may carry light weight metal water bottles, if required.
